12 WEEKS OR LESS!

Property Maintenance Technician (CAMT)

Learn the skills required to start a career in the growing Property Maintenance Technician field or maintain a private residence at M-TEC in Holland. The full 12-week program includes hands-on and classroom training to prepare you for the Certificate for Apartment Maintenance Technicians (CAMT) accreditation from the American National Standards Institute (ANSI).

- Electrical Maintenance/Repair
- Plumbing Maintenance/Repair
- Appliance Maintenance/Repair
- Inside the Apartment Business
- Heating Systems Maintenance/Repair
- People, Projects, and Profits
- Interior/Exterior Maintenance/Repair

Program runs January 8-March 28, 2019.

Enroll in the full seven class program for CAMT preparation, or register for individual classes to gain new skills for your personal property maintenance needs.

Discounts applied upon enrollment in and full payment received for all seven CAMT classes. PMAWM members receive \$50 discount on full program enrollment. PMAWM members are also eligible for early enrollment discount for a \$100 total discount.

Minimum of a high school diploma, recent background check, and 12 months of industry training is required to obtain final Certificate for Apartment Maintenance Technician. Students not interested in certification may register for any and all classes.
