How can you improve your financial management skills, reduce employee turnover and increase NOI? Take advantage of Certified Apartment Manager (CAM) training that improves these critical skills:

- Occupancy management, operations technology and managing resident relations
- Employment law and practices, payroll administration, employee training, supervision and termination, lease and evictions, and vendor contracts
- Fair house laws, advertising, complaints and management practices
- Introduction to marketing, conducting market research, promotional and onsite marketing
- Team building, managing and coaching for an effective onsite sales and maintenance team
- Interior and exterior maintenance, preventative maintenance, maintenance safety
- Risk management, handling emergencies, liability and insurance
- Investments, adding value to investments, financial statements, budget development and execution, and property evaluation

The CAM course was developed by the National Apartment Association Education Institute to provide the highest standard of training for the on-site manager and clear the path for growth and recognition. Advance your career path in the multifamily industry with this nationally recognized designation - get your CAM today! **The course will be taught by Dr. Howard Campbell, who has over 35 years in the industry leading national management companies with large multifamily portfolios. Most recently he was a professor at Ball State University, teaching their Residential Property Management program. Take advantage of the opportunity to learn from one of the leading industry experts in the country!**
